FILE HEADING

Temporary establishment required to give complete effect to the several orders of Govt on the reorganisation of the Mugrai Department.

From

The Mugrai Supdt in Mysore

No. 1091 Dated 30-4-17 Received 30-4-17

Diary No. 1764	Enclos 5 Spare Copies.	Serial No. 1

BRIEF ABSTRACT OF LETTER.

Submits for orders of Govt a memorandum detailing the temporary establishment required to give complete effect to the recent orders of Govt on the reorganisation of the Mugrai Dept.

NOTES AND ORDERS.

The work for which the Mugrai Supdt wants a temporary establt costing Rs 8590 in the appendix is indicated in the following reorganisation

P 1). In para 3 of G O. no. 2514-25/Mug 371-16-2 dt 24-4-17 on the subject of re-organisation

NOTES—First Sheet.

of Muzrai Institutions and Regulation of their Management, Control and Supervision, the Dy. Comrs and the Muzrai Supdts have been directed to arrange to draw up, not later than 6 months, proper scales of income and expenditure in the case of all major and minor institutions and for their revision, where necessary.

It will be seen from the Muzrai Supdts note that there are 154 major and 1316 minor institutions in the State, exclusive of the village institutions. If information can be had as to how many of the above institutions have scales of income and expenditure already drawn up, then the volume of work that has still to be done can be measured.

There are not many institutions having down scales and even in their cases existing scales have to be examined how they require revision in the

2) In para 4 of the G.O no. 2526-37/Myz-391-15-1 dt 2-6-17 re the "Constitution of a General Muzrai Fund", it is observed that the actual amount that can be made available from the surpluses at the credit of the various institutions for incorporation in this Fund, will have to be decided after a careful enquiry into their existing conditions and future requirements

NOTE—Contn sheet

Supdt has been requested to take up the work systematically and submit a detailed report on the subject within 6 months.

3) In para 3 of G.O. no. 2538-49/Mug 694-157 & 2-4-17 re "Constitution of a Mugrai Establishment Fund", it is observed that a careful preliminary investigation of the income, expenditure and immediate requirements of the various Mugrai institutions will have to be undertaken before the actual resources of the fund can be accurately determined, and the Mugrai Supdt has been, accordingly, directed to take up the work and submit a detailed report within six months, with a complete scheme of special establishments necessary for carrying on the Mugrai work in the various offices. If for the expeditious completion of the work any special temporary estab is deemed necessary by the Mugrai Supdt, he is required to submit proposals for consideration

4. Proposals for the entertainment of a temporary estab costing Rs 8570 have accordingly been subd

It will be seen from para 4 of the Mugrai Supdt's note that as regards the major institutions and in the case of institutions which are likely to be contributories to the General Mugrai Fund, he will himself undertake the work and submit definite scheme in consultation with the Dy: Comrs for the sanction of Govt.

6. So, the special temporary establt required is for collecting the necessary statistics in respect of the minor institutions which number 1316. The proposals to be submd by the special officers will have to be examined by the Taluk Huildars and sanctioned by the Dy: Comrs after receipt of them by them of the Mugrai Supdt's opinion.

7. As the special establt is, as proposed by the Mugrai Supdt, will work under the general control of the Dy: Comrs and in direct subordination to the Huildars of the Taluk in which the work is being will be actually carried on, and as the Mugrai Supdt will also draw up a detailed set of instructions for the guidance of these establts in their work,

point for consideration and orders whether the proposed work may not, in view of the above facts, be arranged to be carried out through the existing Taluk agency, providing for some allowance for additional work thrown on the Taluk establt, particularly the Taluk Sheristedar. In this arrangement there is the advantage of local knowledge being brought to bear upon the work to be done and thus facilitating it. In respect of this, the Muzrai Suptdt observes at the end of para 3 of his note that it is obviously out of the question to expect the Distt & Taluk officers to deal with this volume of work in any expeditious sort of way. It is a point for consideration whether the grant of some allowance may not induce the Taluk Sheristedr to do the work expeditiously.

4. as for the preparation of a forecast estimate of repairs of the institutions which are to be contributories to the General Muzrai Fund, it is point for conside a

This is impossible. The Taluk staff is insufficient already overworked as it is. Lig

How is the time to be found. Further the question was discussed in the Conf. Lig

Final Note by the First Member of Council.

Subject:—

Temporary establishment required to rapidly give effect to the recent orders of Government on the reorganisation of the Muzrai Department.

In these orders the Deputy Commissioners and the Muzrai Superintendent were requested to systematise the working of Muzrai institutions within six months within which time final reports on the resources of institutions were directed to be submitted on the basis of which Government have to pass final orders on the two Funds newly to be constituted.

2. With a view to put through the work rapidly, the Muzrai Superintendent has submitted proposals for a temporary establishment and he has explained the necessity and the methods of procedure clearly in his note.

3. The proposals comprise the entertainment of

(a) 9 units of sheristedars for dealing with the minor institutions in the State.

(b) an Engineer establishment to prepare forecast estimates of the requirements of institutions.

(c) a small temporary addition to the Superintendent's establishment to cope with the increased work.

4. The additional expenditure is estimated to cost in all Rs.8590/ for the period required and it is proposed to meet this sum rateably from the Funds of the Muzrai Institutions themselves but that in the meanwhile the amounts may be advanced in the first instance from State Funds.

Page 7 of office notes 5. The Financial Department has no objection and all the Members of Council agree. The proposal may be sanctioned.

re uired to give e_fect to the
Govt order re reorganization of
the Department.

1/c

N O T E.

Subject:--

Temporary establishment required to give complete effect to the Government Orders on the Muzrai Re-organization.

=======:0:=======

Final orders of Government have been reserved as regards the constitution of the two funds "GENERAL MUZRAI FUNDS" and the "MUZRAI ESTABLISHMENT FUNDS." In both cases further investigation is required and the Muzrai Superintendent has been desired to submit final reports with definite proposals within six months.

2. As the basis for the reports. the following items of work have to be undertaken and completed within the period:--

A. " THE GENERAL MUZRAI FUND "

1. The determination of the actual surplus at the credit of every institution.

2. The estimated cost of any repairs that may be required for its buildings.

3. The actual amount that may have to be reserved for the future requirements of the institution.

B. " THE MUZRAI ESTABLISHMENT FUND "

1. The sources and extent of the average income of each institution has to be determined.

2. The recurring expenditure to be incurred therein has to be fixed

3. he immediate requirements of the institutions have to be forecaste and after determining these elements the recurring surplus available for levying contribution has to be settled

In addition to the above, the Deputy Com--missioners and the Muzrai Superintendent have been directed to arrange at an early date not later tham six months for proper scales of income and expenditure being drawn up in the case of all major and minor institutions and for their revision where necessary. Further it is necessary to prepare separate lists of major and minor institutions according to the new classification and to choose and notify the boards of Dharmadarsis who are to be entrusted with the supervision and control over the institutions.

3. The magnitude of the work involved will be seen from the number of institutions whose affairs have to be examined. There are 154 major and 1316 minor institutions excluding the village institutions and their districtwar distribution as is shown in the margin; and a detailed list is appended. Out of these 70 institutions both major and minor have surpluses exceeding Rs 2000/- each and thus liable to be called upon to contribute for the General Muzrai Fund. It is obviously out of the question to expect the District and Taluk Officers to deal with this volume of work in any expeditious sort of way.

District.	Major.	Minor.
Bangalore	10	160
Kolar	14	120
Tumkur	11	217
Chitaldrug	12	29
Shimoga	25	243
Kadur	6	70
Hassan	17	216
Mysore	47	261
Institutions outside Mysore State	12	

4. The following arrangements are therefore proposed for the consideration and orders of Government. As regards the major institutions and in the case of institutions which are likely to be contributories to the General Muzrai Fund, the Muzrai Superintendent by himself or through his Assistant will undertake the work and submit definite schemes in consultation with the Deputy Commissioners for the sanction of Government.

5. In the case of the very large number of minor institutions which will be left over, a special establishment of one officer of the grade of a Taluk Sheristadar with one Clerk and one peon for every unit may be appointed whose duty it will be to take up one Taluk after another, study the resources and requirement of every institution and submit from time to time definite proposals to the Amildar. These proposals will be examined by the Amildar and sent up with his recommendation for the sanction of Deputy Commissioner, duplicate copies being forwarded at the same time to the Muzrai Superintendent. The Muzrai Superintendent will examine the proposals and intimate his opinion to the Deputy Commissioner who will thereupon sanction the scales with such alterations as may be found necessary. Owing to the large number of institutions to be tackled in Mysore and Shimoga Districts, two such units will have to be allotted each of these districts. Per contra one

unit is sufficient for both the Kadur and Chitaldrug Districts. Thus nine units will in all be required to put through the work expeditiously.

6. The establishment will in the first instance be entertained by the Muzrai Superintendent in consultation with the Deputy Commissioners of Districts but it will work under the general control of the Deputy Commissioner and in direct subordination to the Amildar of the Taluk in which work is being actually carried on. The Muzrai Superintendent will also draw up a detailed set of instructions for the guidance of these establishments in their work.

7. The financial aspect of the scheme will be as follows:--

	Cost.
Temporary Sheristadars 9 4 on Rs.60 and 5 on Rs.50. -	Rs. 490
9 clerks on Rs.15/- each. - -	Rs. 135
9 peons on Rs.7/- each. - -	Rs. 63
Fixed travelling allowance at Rs.25, Rs.10 and Rs.3 for Sheristadar, clerk and peon respectively. -	Rs. 342
Actual trainage and cartage at Rs.10 a month per unit. - - -	Rs. 90
T o t a l. - -	Rs.1120 per month. or Rs.6720 for six months.

8. In addition, a small Engineering Establishment consisting of one Engineer Officer and a Sub-Overseer and costing Rs.14[illegible]

as shown in the margin will be necessary for three months to prepare a forecast estimate of repairs of the institutions which are to be contributories to the General Muzrai Fund.

Assistant Engineer.	-	Rs. 250
Sub-Overseer. -	-	Rs. 60
Peons. - - -	-	Rs. 30
Travelling allowance.	-	Rs. 150
T o t a l.	-	Rs. 490 per month. or Rs.1470 for 3 months.

9. During this period the Muzrai Superintendent's Office will have to bear the whole brunt of the work and if the work is to be completed with sufficient despatch, a small temporary addition to its establishment will also be necessary. Two temporary hands on Rs.40/- a month for a period of 5 months may be sanctioned to help in the examination of the proposals which will be received in such large numbers.

10. I have not made any proposals for strengthening the Taluk and the District establishments as in the former case the whole work will be done by the new establishment under the direction of the Amildar while the detailed examination of the proposals submitted by the Amildars will be undertaken by the Muzrai Superintendent and his establishment. In case the Deputy Commissioners should need assistance the matter may be considered separately.

11. The additional establishment thus required for putting through the proposals rapidly will thus cost Rs.8590/- in the aggre-

aggregate. This amount will have to be borne by the Muzrai Funds on which it is a legitimate charge. The actual contribution ~~may~~ required from the individual institutions may be decided later on when detailed information is ready. In the meanwhile the amount required every month to meet the cost may be advanced from the State Funds, subject to future adjustment.

Dated, Bangalore
30th April 1917
